2	These options are really only a small example of what should be considered as Art. The art gallery should, and I think does, keep their minds open to creative gallery programming. Our valley has a great deal of talent, and programming should both showcase local artists as well as work from outside the area. Sometimes we need to celebrate our own and some times we need to be inspired and engaged by contemporary arts that we are not familiar with.	Feb 1, 2011 11:30 PM

Response Text		
1	I think you're doing a great job!	Feb 1, 2011 9:29 PM
2	Yes, I'd say the Gallery is doing a good job of this. I'm a (non-artisan) resident of Smithers.	Feb 1, 2011 9:37 PM
3	Not very well. It is hard to connect to physically since it's off Main St., hard to see sign, need more presence (link to other events_- could be a hub for things. Need to change image- hold some neat events (ie, fundraising). Need to be more supportive of artists- contracts signed quickly, be more efficient. Could really use more programming to include more workshops both at and off campus, more invitations to school aged children, seniors, etc.	Feb 1, 2011 9:38 PM
4	As an artist I would like for the Gallery to offer more workshops with out of town Artists, to learn new techniques or a different approach to a painting or just to inspire and keep the artist muse in ourself	Feb 1, 2011 9:39 PM

6	Member of gallery. I would like to see a gift shop on a trial basis.Since the renovation the gallery looks great.	Feb 1, 2011 10:02 PM
7	I think there needs to be better marketing for events. I tend to find out about events through word of mouth. That can be effective, but there are other means. For example, the art gallery was open the two weeks prior to Christmas, but I don't think many people heard about it. I did hear it on the CBC, but a visual presence may have helped. The sign outside (sandwich board) is too small. A banner might be too obnoxious, but something a little larger might drawn in more people.	Feb 1, 2011 10:09 PM
8	I realize you have limited means to put on events or be open so I think you are doing a pretty good job with what you have. I realize many people want to put on displays at the gallery and in order to be fair to everyone you have to pick and choose and schedule a year in advance. However, I think you need to really look at what draws in people (like Wintergold, the Kid's displays or the quilt show) and see if you can create better buzz around all your shows. It strikes me that attendance is better when the artists are known in the community - maybe get articles about the artist in the paper a month or two before the show opens so the public gets a chance to know about them. Also, the museum seems to get some pull with the Town Council by putting on displays that resonate with the citizens (Swiss exhibit, now the skiing history). Could the Art Gallery put on a couple of themed shows a year to create buzz? Particulary in the tourist season & then talk them up with the hotels in town. Also, I think you need to track the number of visitors to the gallery better. Museum always seems to have higher numbers - but I don't really think they are open more hours - maybe they just track better?	Feb 1, 2011 10:33 PM
9	Doing well. Have visited the Gallery numerous times this past year for various exhibits/functions. A diverse selection of exhibits. Enjoyed the opportunity to browse and purchase items in December during the regular gallery openings (separate from Wintergold). Community Member	Feb 1, 2011 10:42 PM
10	Have not been open, due to volunteer not showing up, a number of times. I come from Hazelton and it is a bit of a bother. Opinion of an artist.	Feb 1, 2011 11:14 PM
11	I think the gallery is open to doing better at all areas of the mission, and is proactive in doing this. Artist, board member	Feb 1, 2011 11:30 PM
12	I think the most immediate thing would be to be open longer, especially after work hours are over. As someone who has had exhibitions in the past, it's frustrating when the gallery is closed at 4pm and still so many people are working and can't come to view the exhibition.	Feb 1, 2011 11:34 PM

14	I am a member of the SGA and I have had an exhibit. Something that I noticed before my exhibit was that the marketing for the shows was spotty, and almost word of mouth. I didn't know why that was, then I had my exhibit and I assumed that the gallery would be footing a lot of the advertising initiative. Instead, unless I told the gallery attendants specifically where to advertise and what to put up, very little got done. Also, every single last painting that sold was on the opening night when I was there to sell them. You asked above what I think is a reasonable sum for membership? I don't think you need to up your membership fees, you really need to increase the salespersonship of your attendants. I hope that you see that the tone of this note is not one of negativity but of serious concern, either start thinking more like a business or wait for government money that may never come. 15	I'm an educator around fiber art. I think that its high time the Art Gallery took the opportunity to expand the biannual quilt show into much more. If you are interested, I can share what I've been working on.	Feb 2, 2011 12:58 AM
16	I think the location of the gallery, although interesting, makes it difficult for the gallery to function as it should. If it were more easily accessible to all aspects of the public (in a place that is easier to access and easier to walk to), that more people would visit and more people would be likely to purchase art because of it. A better location means better exposure for the gallery and the artists, as well as more money. I know that many people I have talked to do not go to the gallery because it is somewhat 'out of the way'. I think the old heartstrings store would be an EXCELLENT location. Think about it. (Also, there is more space for workshops or a permanent giftshop!)	Feb 2, 2011 2:12 AM
17	Artist - yes, over the last year you have been doing extremely well, Good job!	Feb 2, 2011 2:40 AM

19	I am a community member and mother of a 2 and 5 year old. It would be really nice to offer some kind of a program for young children. Maybe a mini-viewing and an activity to follow. Morning time is excellent for the pre-school aged children.	Feb 2, 2011 5:44 AM
20	The visual arts in our community are weak link in terms of opportunities for involvement. We have a strong and well supported performing arts community (music, dance) with lots of opportunities for children and adults. There is very little private programming and no real ongoing community programming available. I am a member of the Art Gallery Board.	Feb 2, 2011 5:59 AM
21	I am a gallery volunteer. I think the Art Gallery could do a better job of advertising upcoming exhibitions and current exhibitions. Around town and on the radio (CBC) I do not see or hear much advertising regarding gallery events. A gift shop with affordable (20 - 75\$), small items for purchase would be a good idea for the summer when a lot of our visitors are tourists going up to Alaska.	Feb 2, 2011 4:39 PM
22	With your limited resources, I think you are probably doing the best you can.	Feb 2, 2011 5:43 PM
23	I think the art gallery is a great asset and an icon of Smithers local culture. Even when not visiting regularly it makes a big different to know it's there and bring visitors. I do go to several events a year and mean to go more regularly. Thanks to all the staff and volunteers.	Feb 2, 2011 5:46 PM
24	Need more first nations presence. We are too euro centred, by far. We need to embrace the deeper history and art of this area and help more people learn about FN art, history and knowledge. I am a non-FN community member.	Feb 2, 2011 6:05 PM

25	I think the mission is a strong one and the gallery is doing a great job considering the budget it works with. I would not encourage the re-establishment of a shop in the gallery's limited space. It's so classy without it.	Feb 2, 2011 8:24 PM

29	More exhibits from out of town artists would be nice... Expose Bulkley Valley residents to more art that pushes the boundaries. I feel like I've seen a lot of landscape painting. Another idea would be to showcase the art of local furniture builders once a year. There is a show like this in Victoria that generates a lot of interest.	Feb 3, 2011 12:21 AM

31	I am a community member and artist, and I think that the Smithers Art Gallery is doing a good job of fostering the art of our community, with the resources that are available. I do wish that there was more money to put into promotion, and it would be nice if the space was larger. Keep up the good work!	Feb 3, 2011 2:54 AM
32	Community member. I think you are doing an awesome job on all accounts. Hopefully you will have the same set up this year for Christmas for purchasing items from local artists. I think with a bit more advertising and word of mouth about the beautiful and reasonably priced items the numbers of visitors will increase.	Feb 3, 2011 3:23 AM
33	Great collection point for a host of art styles completed by a such talented people!	Feb 3, 2011 3:26 AM
34	I am a gallery volunteer and parttime artist...dabbling from time to time in watercolors, mixed media, and clay. I believe we are doing a good job, but maybe thats because I know about and enjoy the gallery, but I guess the numbers tell the real story. Are we getting good turnouts? If not, we need to promote the gallery further.	Feb 3, 2011 5:57 AM
35	I am a gallery volunteer and I think the Gallery is doing a good job in celebrating art in our community	Feb 4, 2011 12:14 AM
36	I do not visit the gallery often, but I think that an art gallery is an important part of a community. From my frame of reference, I believe that you are meeting community needs. community member	Feb 4, 2011 9:23 PM
37	As a community member I believe the Gallery is an vital part of our community for both local and visiting artists. An extensions of this could perhaps be to host interactive workshops for school children and others who may be interested. The creative kinds of presentations that engage children and teenagers. The Gallery is doing a good job of displaying original are. The renovations make a big difference and the old building is a beautiful place to come for exhibits.	Feb 4, 2011 10:10 PM
38	I think you are doing this well, it is simply hard to get people to come out to things most times, it seems. Somehow, to increase the hype around a show, or the media coverage might aid this. I do enjoy shows that challenge 'the conventions' and shows that try to combine artistic approaches and experimentation. I am an artist and educator, and aim to get my classes out to see each show.	Feb 4, 2011 11:48 PM
39	Yes, I have noticed more activities being advertised over the past few years and have gone to a few. Thanks community member	Feb 5, 2011 3:41 PM

40	I would like to see more work by local artists displayed in other places in the community than just at the gallery.....maybe have works on display at the Library, the own offices, banks, the courthouse etc.	Feb 6, 2011 1:24 AM
41	Having more art classes available. Possibly a wider variety of artists- more 'avant garde' art perhaps. having more artists talks or art history tours etc.	Feb 8, 2011 12:00 AM
42	I think the Smithers Art Gallery is doing a superb job and has for a great many years especially, with emphasis, as it is primarily, if not totally, accomplished with volunteer labor.	Feb 8, 2011 12:19 AM

49	I belive the SAG is doing an outstanding job in the community. Thank you for your outpouring and hard work to bring visual art to the attention of the public .Promotional blitz! cbc rodio,newspaper and gallery talks about each show ! 50	The development side is weak ,but the recent grant that we have from the BC Arts council will help .There needs to be a continued effort to be a community gallery,reaching out to the Wetzuwet'n and Git'san is one area of potential.Continuing to connect with other events such as the Salmon Symphony is a good example .Overall the gallery is doing a great job in this direction there just needs to be more of it! board member,volunteer	Feb 10, 2011 4:30 AM
51	Be more proactive. Advertise more. I'm a member of the general public. I appreciate the arts, but I'm not an artist.	Feb 10, 2011 8:44 PM
52	Yes, you are doing a good job--the exhibits are artistically displayed and you have a wonderful space. I am from out of town and look for your email newsletter to keep me up to date re coming exhibits.	Feb 12, 2011 1:10 AM
53	I am an artist appreciation the opportunity of showcasing my artwork as well as learning about other artist's work. The art gallery is doing well in promoting this. As a critique I'd like to mention the the opening hours (see Q Nr 3) as well as the choice of date for the 2011 Wintergold craft fair. I don't think having it on Dec 25/26 will have the same success in attendance as previous years .	Feb 12, 2011 1:59 AM

56	Yes and no. Your hours are limited, which limits accessibility; sometimes the shows seem childish or immature, not very refined and yet this is good too because it includes all artists from all genres, which is part of your current mission to foster celebration of art etc. This is a tough question to answer! The thing that seems to be the real clincher for me, as to whether I pull into the parking lot or not, is the hours. It feels like the Gallery is never open! And so I just forget about it. Why bother going in if the door will be locked? We live busy lives, and we can't arrange our daily schedule around the gallery. It feels unwelcoming and cold. Yes! That's it!	Feb 12, 2011 5:47 PM
57	I liked a couple years ago when you engaged the retail community where they displayed artwork created around a museum photograph. It provided a tourist attraction for our many visitors and I feel the display could have ran longer. I believe it was for a month and could have lasted the summer. This concept could be used for various themes: Smithers 100th in 2013... Our celebrities (Alex Cuba, Dan Hamhuis, actress Houlden, etc, where artists renditions could be on display.... or our tourist attractions, Twin Falls, fossil beds, backcountry skiing, in artist renditions on Main Street store windows. This gives tourists an activity to do in the evening when stores are closed and they are strolling around. Themes could change each year and this could be uniting among artists and retail community.	Feb 14, 2011 5:27 PM
58	It's all about events and reaching out to a diverse audience.	Feb 14, 2011 6:09 PM
59	is there a consensus for change ? if not, why not continue as you are doing if it works? member of the community	Feb 18, 2011 7:01 PM
60	yes - very well considering resources, could partner more with other arts orgs. in the north, community member, bvcac director	Feb 18, 2011 8:22 PM
61	I think so, given the limited resources. However, I think that the art gallery could be much more visible in the community if it took a greater role in promoting the arts in general. More centralized management would help with continuity of operations and rely less on board members to coordinate programming, exhibitions, advertisement, etc. Then the volunteers' and board members' time could be better spent on more organized and meaningful fundraising activities that both increase the visibility of the arts in the community as well as provide raised awareness and understanding of the arts in providing a rich, vibrant and energetic community. I think things would be more fun if the events were more tied to the sustainability of the managerial role and, in turn, continue to "foster the deelopment, understanding and celebration of the arts" in Smithers. I am a board member of the Gallery.	Feb 20, 2011 11:59 PM

63	I am an artist, gallery member and volunteer. I think the art gallery is doing a good job with the means available. The "Reflections of Hope" exhibit was a good example of how to engage a part of our community that is not normally involved in what goes on a the gallery. "Breakthrough Noon" os a good feature to interest a wider public to come to the gallery. The kids' art camps are a good idea.	Feb 21, 2011 12:18 AM
64	Have been on the board, involved in Wintergold and an art director for several years. Lack of continuity is a bit frustrating, the constant lack of funds but that's the way of volunteer organizations. Need lighter sign!	Feb 22, 2011 1:08 AM
65	I think the gallery is doing a great job, considering the funding limitations it is experiencing. Being able to pay a manager a decent wage would make a huge difference in how well it fulfills its mandate.	Feb 22, 2011 10:48 PM
66	I am very impressed woth the work of the gallery -the enthusiasm and dedication of those who run the gallery and make it happen is amazing. I am a gallery volunteer. I paint and exhibit a bit. I am a retired art teacher and could do short workshops.	Feb 22, 2011 10:55 PM
